

### Unexpected Guests

The farmer and his wife were about to sit down to a cold supper when they saw some old friends driving towards the house.

The good wife was equal to the occasion—thanks to her New Perfection Oil Cook-stove.

She had it in a moment, and her guests hardly were seated on the porch before a hearty hot meal was ready for the table—sausages and eggs and long rashers of streaky bacon, and rolls just crisped in the oven and fresh coffee—and the hostess herself as cool and neat as if she had not been near the kitchen.

She never could have managed it with an old-fashioned range. The New Perfection is the quickest, most convenient and best cooker on the market.

### Remarkable Subscription Offer.

The subscription price of the Gold Leaf is strictly \$1.50 a year, and there is positively no reduction in these figures to anyone. The subscription price of the Progressive Farmer is \$1.00 a year. The price of both papers together would therefore be \$2.50. But we have succeeded in making a special arrangement with the Progressive Farmer where, by we can now offer both papers for a limited time at the remarkably low price of \$1.65 a year, provided all ways that you are a new subscriber to the Progressive Farmer. This offer is good to both old and new subscribers to the Gold Leaf. The Progressive Farmer is conceded by everybody to be the best agricultural paper published in this country. Every farmer should have it. And every citizen of Vance county should have the Gold Leaf and must have it if he expects to keep fully posted on the affairs of his own county. Here is the best combination offer we shall ever be able to make, and it is good for only a limited time. In each and every instance the cash must accompany the subscription, and all arrears due the Gold Leaf, if any, must be paid in full in addition to the \$1.65 for both papers a year in advance.

### A Well-Bred Appeal for the Dough.

It is reported that one of the fastidious newly married ladies of this town kneads her bread with her gloves on. This incident may be somewhat peculiar—but there are others. "The editor of this paper needs bread with his shoes on; he needs bread with his pants on; he needs some of the delicate subscribers pony up before long he will need bread without a thing on, and Cheyenne is no Garden of Eden in the winter time."—Cheyenne Leader.

### Zulu "House Boys."

The best of all servants in South Africa is a Zulu, especially if he is raw—that is, fresh from his native kraal and totally unspoiled by the wiles of civilization. Such a "house boy" is honest, sober, quick, clean and anxious to learn the ways of the white man. He soon becomes as deft as an English butler and as handy as an ideal housemaid. He does everything, from cooking to answering the door, and after a little practice he does it well. The boys have all manner of strange names, usually chosen by themselves from some one or other of the words they hear often used, such as sincipex, "tickety" (three penny piece), shilling, breakfast, kettle, silly fool, ugly, pig, pot, scrubber, chopper or whisky.—Harper's Weekly.

### The Lion's Taste.

Miss Charlotte Mansfield in "Via Rhodesta" tells of a native South African boy who came to England and was taken to the Hippodrome. "Instead of enjoying the entertainment, however, he begged, with tears in his eyes, to be taken out, and he said: 'There are lions over there'—pointing to the stage—and I am the only black man here." It is a well known fact that a man eating lion will make a meal of it in a question of choice. Perhaps the flavor is stronger and the taste for white flesh—like caviar—has to be acquired.

### Why He Retracted.

Kilmore—After all, Stedman isn't so bad a fellow. He came to me, man fashion, and took back all the things he had said against my people. Burman—Did it voluntarily? Kilmore—Practically that is true. I threatened to shoot him on sight if he didn't retract, but that was only a matter of detail.—Exchange.

### Union to Have Big Meeting.

The summer meeting of the North Carolina division of the Farmers' Union which convened at Salisbury July 26th and 27th will be the largest ever held in the State. More than a dozen new counties will be represented and the representatives from the older organized counties will be trained more in the school of experience than ever before, which means that the character of the discussions will be more interesting. It is expected that President Barrett will attend this meeting and the presence of our National President will add interest to the convention. Rowan County Union and the city of Salisbury are making special preparations for the entertainment of the convention and a pleasant and interesting time is in store for the delegates and visitors in attendance.—Carolina Union Farmer.

### Good Advice.

People who write things which they would like to see printed in a newspaper should remember that what they write as their personal opinion should be factually true, and that when they write stuff that is not fit for them to attach their names to it should not be printed. Remember the rule of all decent newspapers and you will never have occasion to put on the shoes. This is the rule which we give in all kindness: Never ask a newspaper to do what which you are ashamed to do yourself.

### "Sure Cure"

"I would like to guide suffering women to a sure cure for female troubles," writes Mrs. R. E. Mercer, of Frozen Camp, W. Va. "I have found no medicine equal to Cardui. I had suffered for about four years. Would have headache for a week at a time, until I would be nearly crazy. I look Cardui and now I never have the headache any more."

### Take CARDUI

### The Woman's Tonic

The pains from which many women suffer every month are unnecessary. It's not safe to trust to strong drugs, right at the time of the pains. Better to take Cardui for a while, before and after, to strengthen the system and cure the cause. This is the sensible, the scientific, the right way. Try it.

### Ten Things to do in Typhoid Fever.

1. In all cases of typhoid, however mild, the patient should remain in bed. The course of the disease may be greatly shortened by keeping the patient in a prostrate position.
2. The vessels used in the sick room should be thoroughly sealed after use.
3. All food utensils should be washed and scalded separately before placing with dishes used by the family.
4. Bed linen, towels, wearing apparel, should be plunged into boiling water or water containing a strong solution of carbolic acid before they are washed.
5. Chloride of lime, which can be bought by dozen cans, or bicarbonate of mercury, are safe disinfectants for vessels used in the sick room.
6. The caretaker should cleanse her hands with a disinfectant, carbolic acid, creolin, bichloride of mercury, before taking food.
7. Treat all excreta from patient with disinfectant of sufficient strength that all typhoid germs may be killed before removing from the sick room.
8. Bury all excreta from typhoid patient.
9. Keep all the flies from the sick room.

### Beat Self-Blin Molasses.

(Siler City Grit.) A man living near Siler City was making cider and had no barrel to put it in but one that had held vinegar. Filling the barrel with water and soda, he rinsed it out thoroughly and then filled it with his cider. He placed the full barrel in the cellar of his house and retired, fully satisfied that his work was over. During the night he heard a terrific report as though a bung had blown out and running down to the cellar, he was amazed to find the places, which were ten feet square and seven feet high, full of a liquid and had it not been for a blind ditch leading from the house to the creek, he verily believed the house would have been washed away. We would like to know what that extraordinary increase in his cider must be attributed to.

Those Who Take Foley Kidney Pills For their Kidney and Bladder ailments, and for annoying urinary irregularities are always grateful both for the quick and permanent relief they afford, and for their tonic and strengthening effect as well. Try Foley Kidney Pills. For sale by all druggists.

### Why The Spider Was There.

When Mark Twain, in his early days, was editor of a Missouri paper, a superstitious subscriber wrote him saying that he had found a spider in his paper, and asking him whether that was the sign of good luck or bad. The humorist wrote him this answer and printed it: "Old Subscriber. Finding a spider in your paper was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so that he can go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."

Foley Kidney Pills are composed of ingredients specially selected for their corrective, healing, tonic, and stimulating effect upon the kidneys, bladder and urinary passages. They are antiseptic, antilithic and uric acid solvent. For sale by all druggists.
